

SIRS® Discoverer®

SIRS Discoverer

Where Research Starts.

SIRS® Discoverer® is a multidisciplinary database specifically designed for upper elementary and middle school learners, researchers, and educators covering curriculum areas such as history, health, language arts, math, science, social studies, and technology. All newspaper, magazine, and reference content is editorially-selected, 100% full text and indexed from over 2,200 reliable, high-quality global sources. This resource also includes editorially-curated topic pages and reference materials from publishers such as *World Book*, *Dorling Kindersley*, *Oxford University Press*, and *Encyclopedia Britannica*.

SIRS Discoverer features easy access to authoritative content and features, age-appropriate search, as well as streamlined results pages to help young learners connect with relevant content. User-friendly advanced search features enable users to find exactly what they need by limiting any search by source type or Lexile® range.

Essential features for classroom learning and collaboration include seamless integration with Google SSO, Google Classroom, Google Drive, Microsoft OneDrive, and Learning Management Systems.

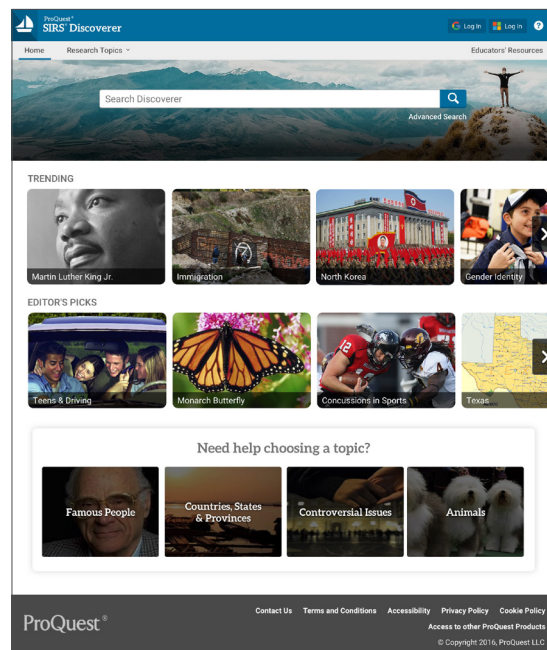

SIRS Discoverer provides the following features and tools:

USE SIRS DISCOVERER TO DEVELOP ACTIVITIES AND LESSONS THAT SUPPORT CLASSROOM TEACHING AND HELP STUDENTS LEARN:

Critical Thinking Skills

Students develop skills with 80+ age-appropriate, editorially-maintained “Issues” Topic Pages. Popular topics include: Social Media, Video Games, and Cell Phones in Schools.

Reading Fluency

Hundreds of visually appealing, downloadable nonfiction books to read on any device, from popular publishers such as *Weekly Reader*, *Enslow Publishing* and *TreeTops Books* featuring beautiful page-image layout and content to engage young readers.

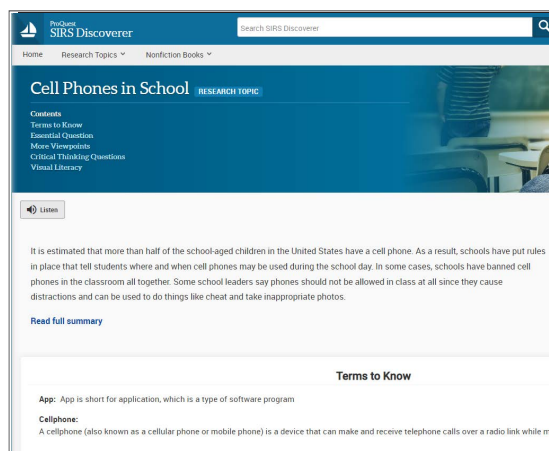

Research Skills

Learning basic research skills is fun for students exploring a collection of more than 300 animal facts. Information can be used to create a poster, tri-fold brochure, flip board, or pyramid display to showcase learning outcomes.

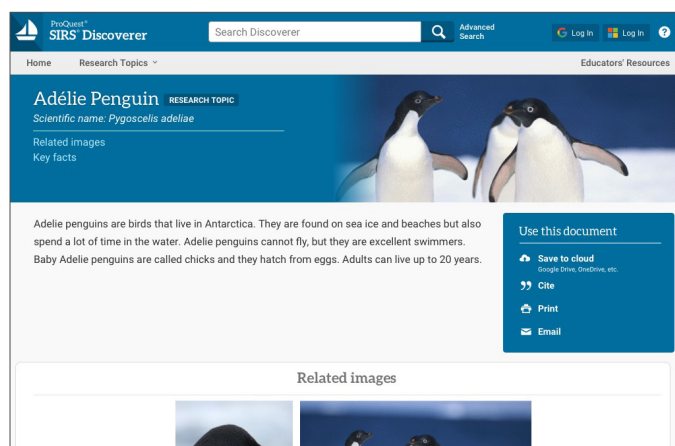

Biographies

ProQuest editors provide current, age-appropriate articles and images for the most studied individuals in World history and contemporary society. Features include a timeline of events in the person's life, key facts, and links to recent articles.

Over 80 Issues develop critical thinking skills

Over 300 animal facts support beginning research skills
